CLP Resources has leased additional space at 201 Boston Post Road in Marlborough.

The lease of 7,150 square-feet in Marlborough has nearly doubled the office space of CLP Resources, Inc. in Marlborough. The lease nearly doubles the space of the subsidiary of publically traded Trueblue, Inc., according to a release from Bret O'Brien, President of Greater Boston Commercial Properties, who facilitated the lease. CLP Resources placed its staffing office in 4,000 square feet at the location in 2013. The latest lease represents a renewal of that initial lease and an expansion into new office space that will serve the company's payroll department, according to O'Brien.

The office building is owned by R.K. Associates, which also owns the adjacent retail shopping center.
